

Construction projects

Area: 63m²

Cost: ¥60,000

Introduction:

This is a home of a post - 90s couple, they want their 2-bedroom apartment with well functions and to show their personalities as well.

The secondary bedroom needs to match the character of the husband, who is a video gamer. A combination of a sofa, a single bed, a double bed with storage in one piece of furniture is needed! The HEMNES series are your best choice.

The main bedroom, is white colored with limited storage space.. Smart use of wall cabinet solves the space problem. Instead of a table of four chairs, IKEA wall-mounted drop-leaf table and two folding chairs perfectly fit the room and create a warmer meal time.

Add some "green" into the space will bring you closer to nature.

The bathroom cabinet can meet the storage needs in the small space living situation. Texture of wood furniture awakes you to start a pleasant day in the morning peace. IKEA bathroom cabinets are well designed for bathroom and steam shower room conditions.

Accord color of kitchen with whole room and create your dream kitchen with 25-year-guaranteed IKEA METOD kitchen.
