

Office environment

Area: 435m²
Cost: ¥150,000

Introduction:

A Media company, founded in 2004 The headquarter of a weekly publication which covers food, fashion, Home Furnishing, Emotions and other contents about life style.

One of the needs of customers is to make co-workers have their own independent work space, IKEA professional desk BEKANT provides division of the space, which not only meets the staff expectations but also gives more rooms on desk top for the staffs' convenience.

The rest area creates a comfortable atmosphere. Wood furniture and plants make people relaxed.

IKEA LIXHULT, the storage cabinets, are well designed with different sizes and colours, which give you possibilities to create customized storage combination on the wall as you can imagine.

Smart use of IKEA shelving units will maintain privacy, provide storage space and update decoration in the office.
